

Farm Site Planning

Keys to site planning——Topo

Take advantage of the Topo

Planting on the relatively flat area, Livestock and functional rooms on the steep area.

Keys to site planning——Running Strategy

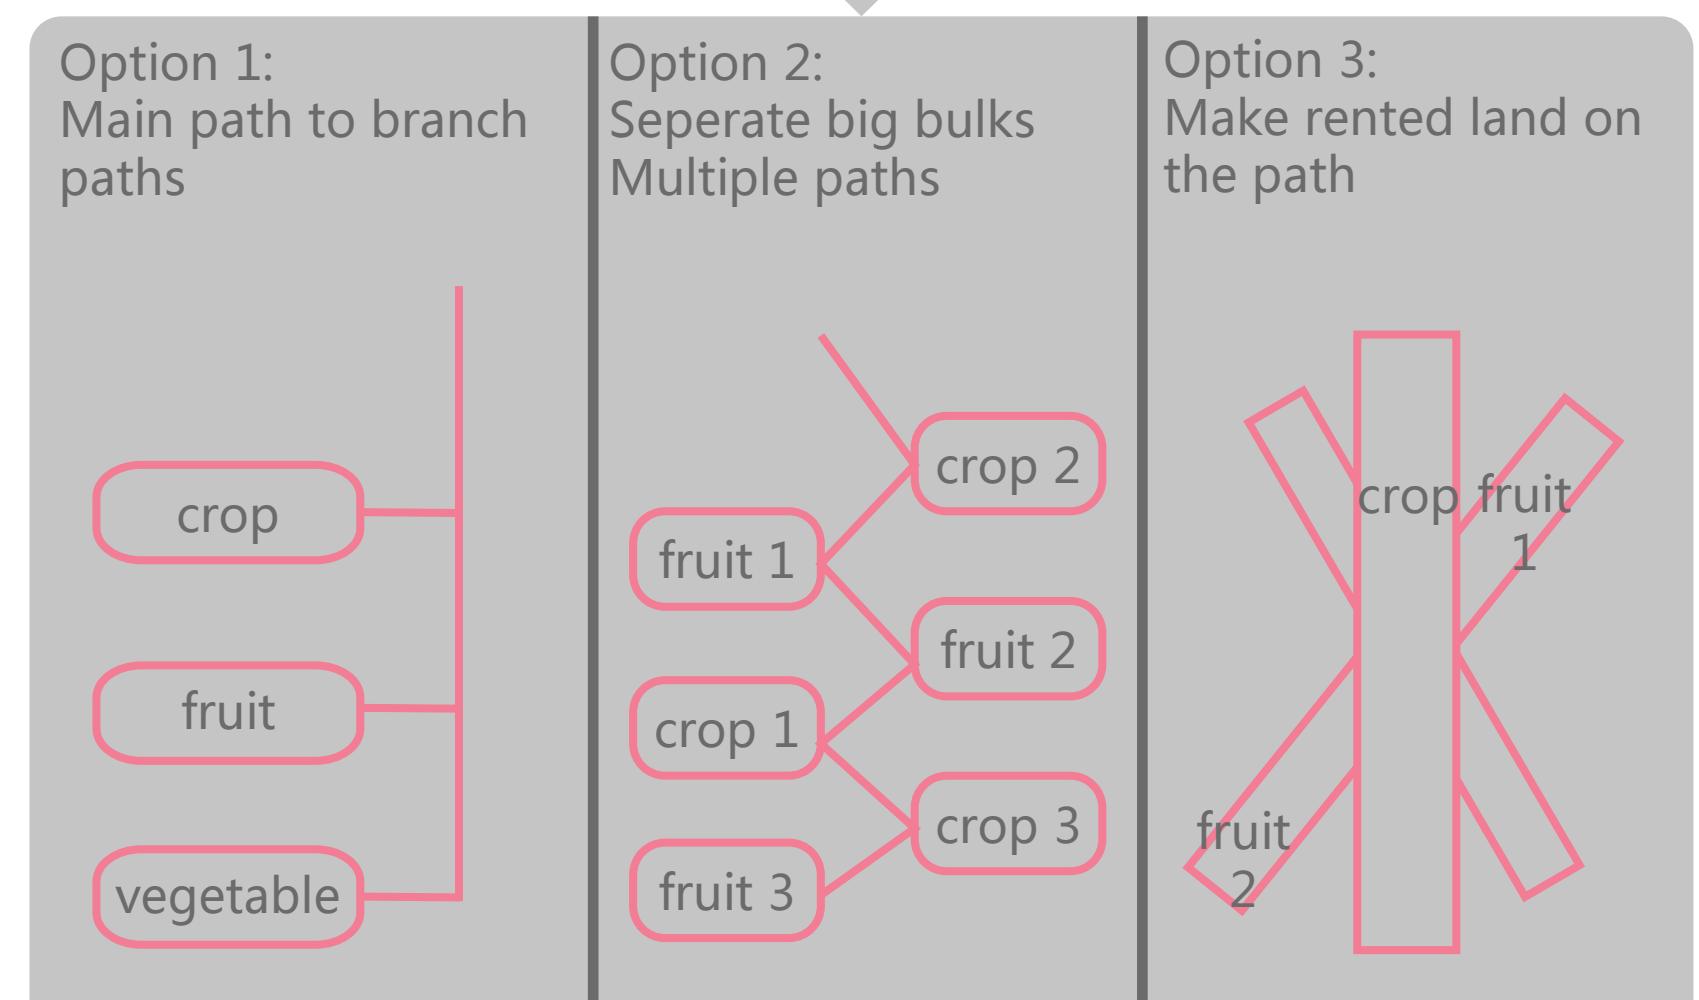

Land Renter' s needs

1. rent lands with different harvests
2. wander between entertaining space and farming lands
3. convenient networks

Way to meet needs

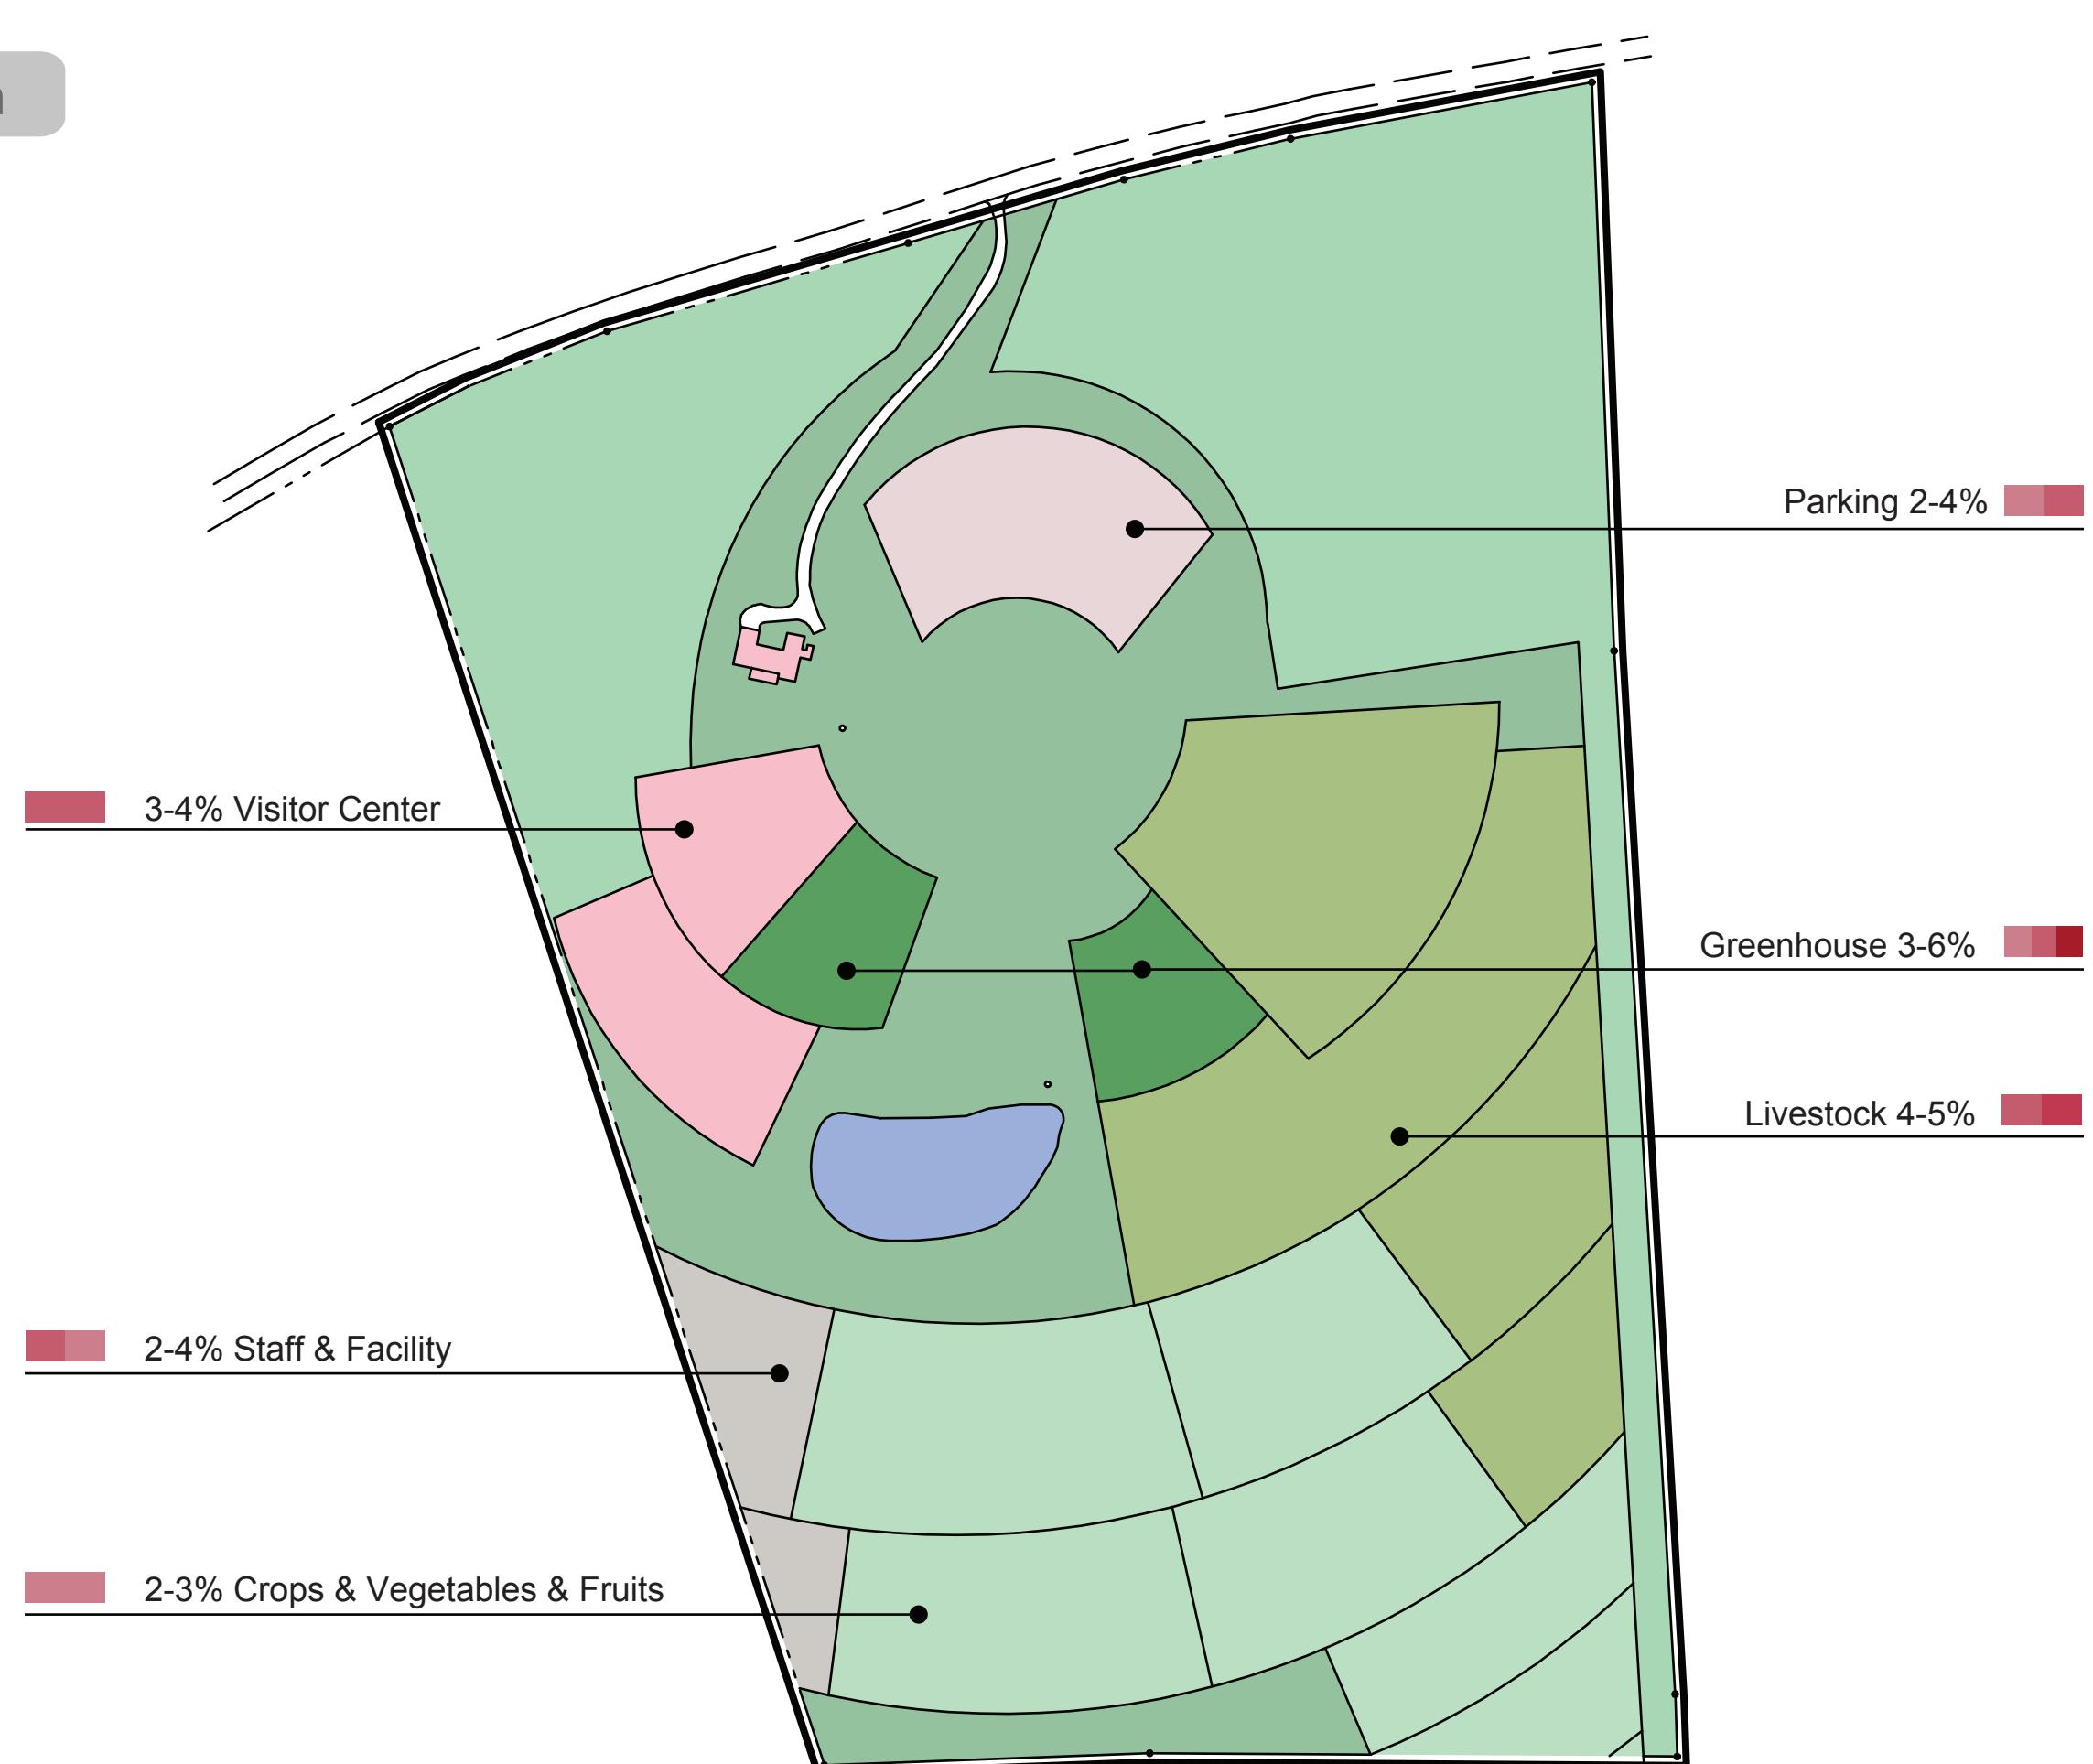

More convenient transpotation Integration with rented lands and farmer' s lands

Form Space

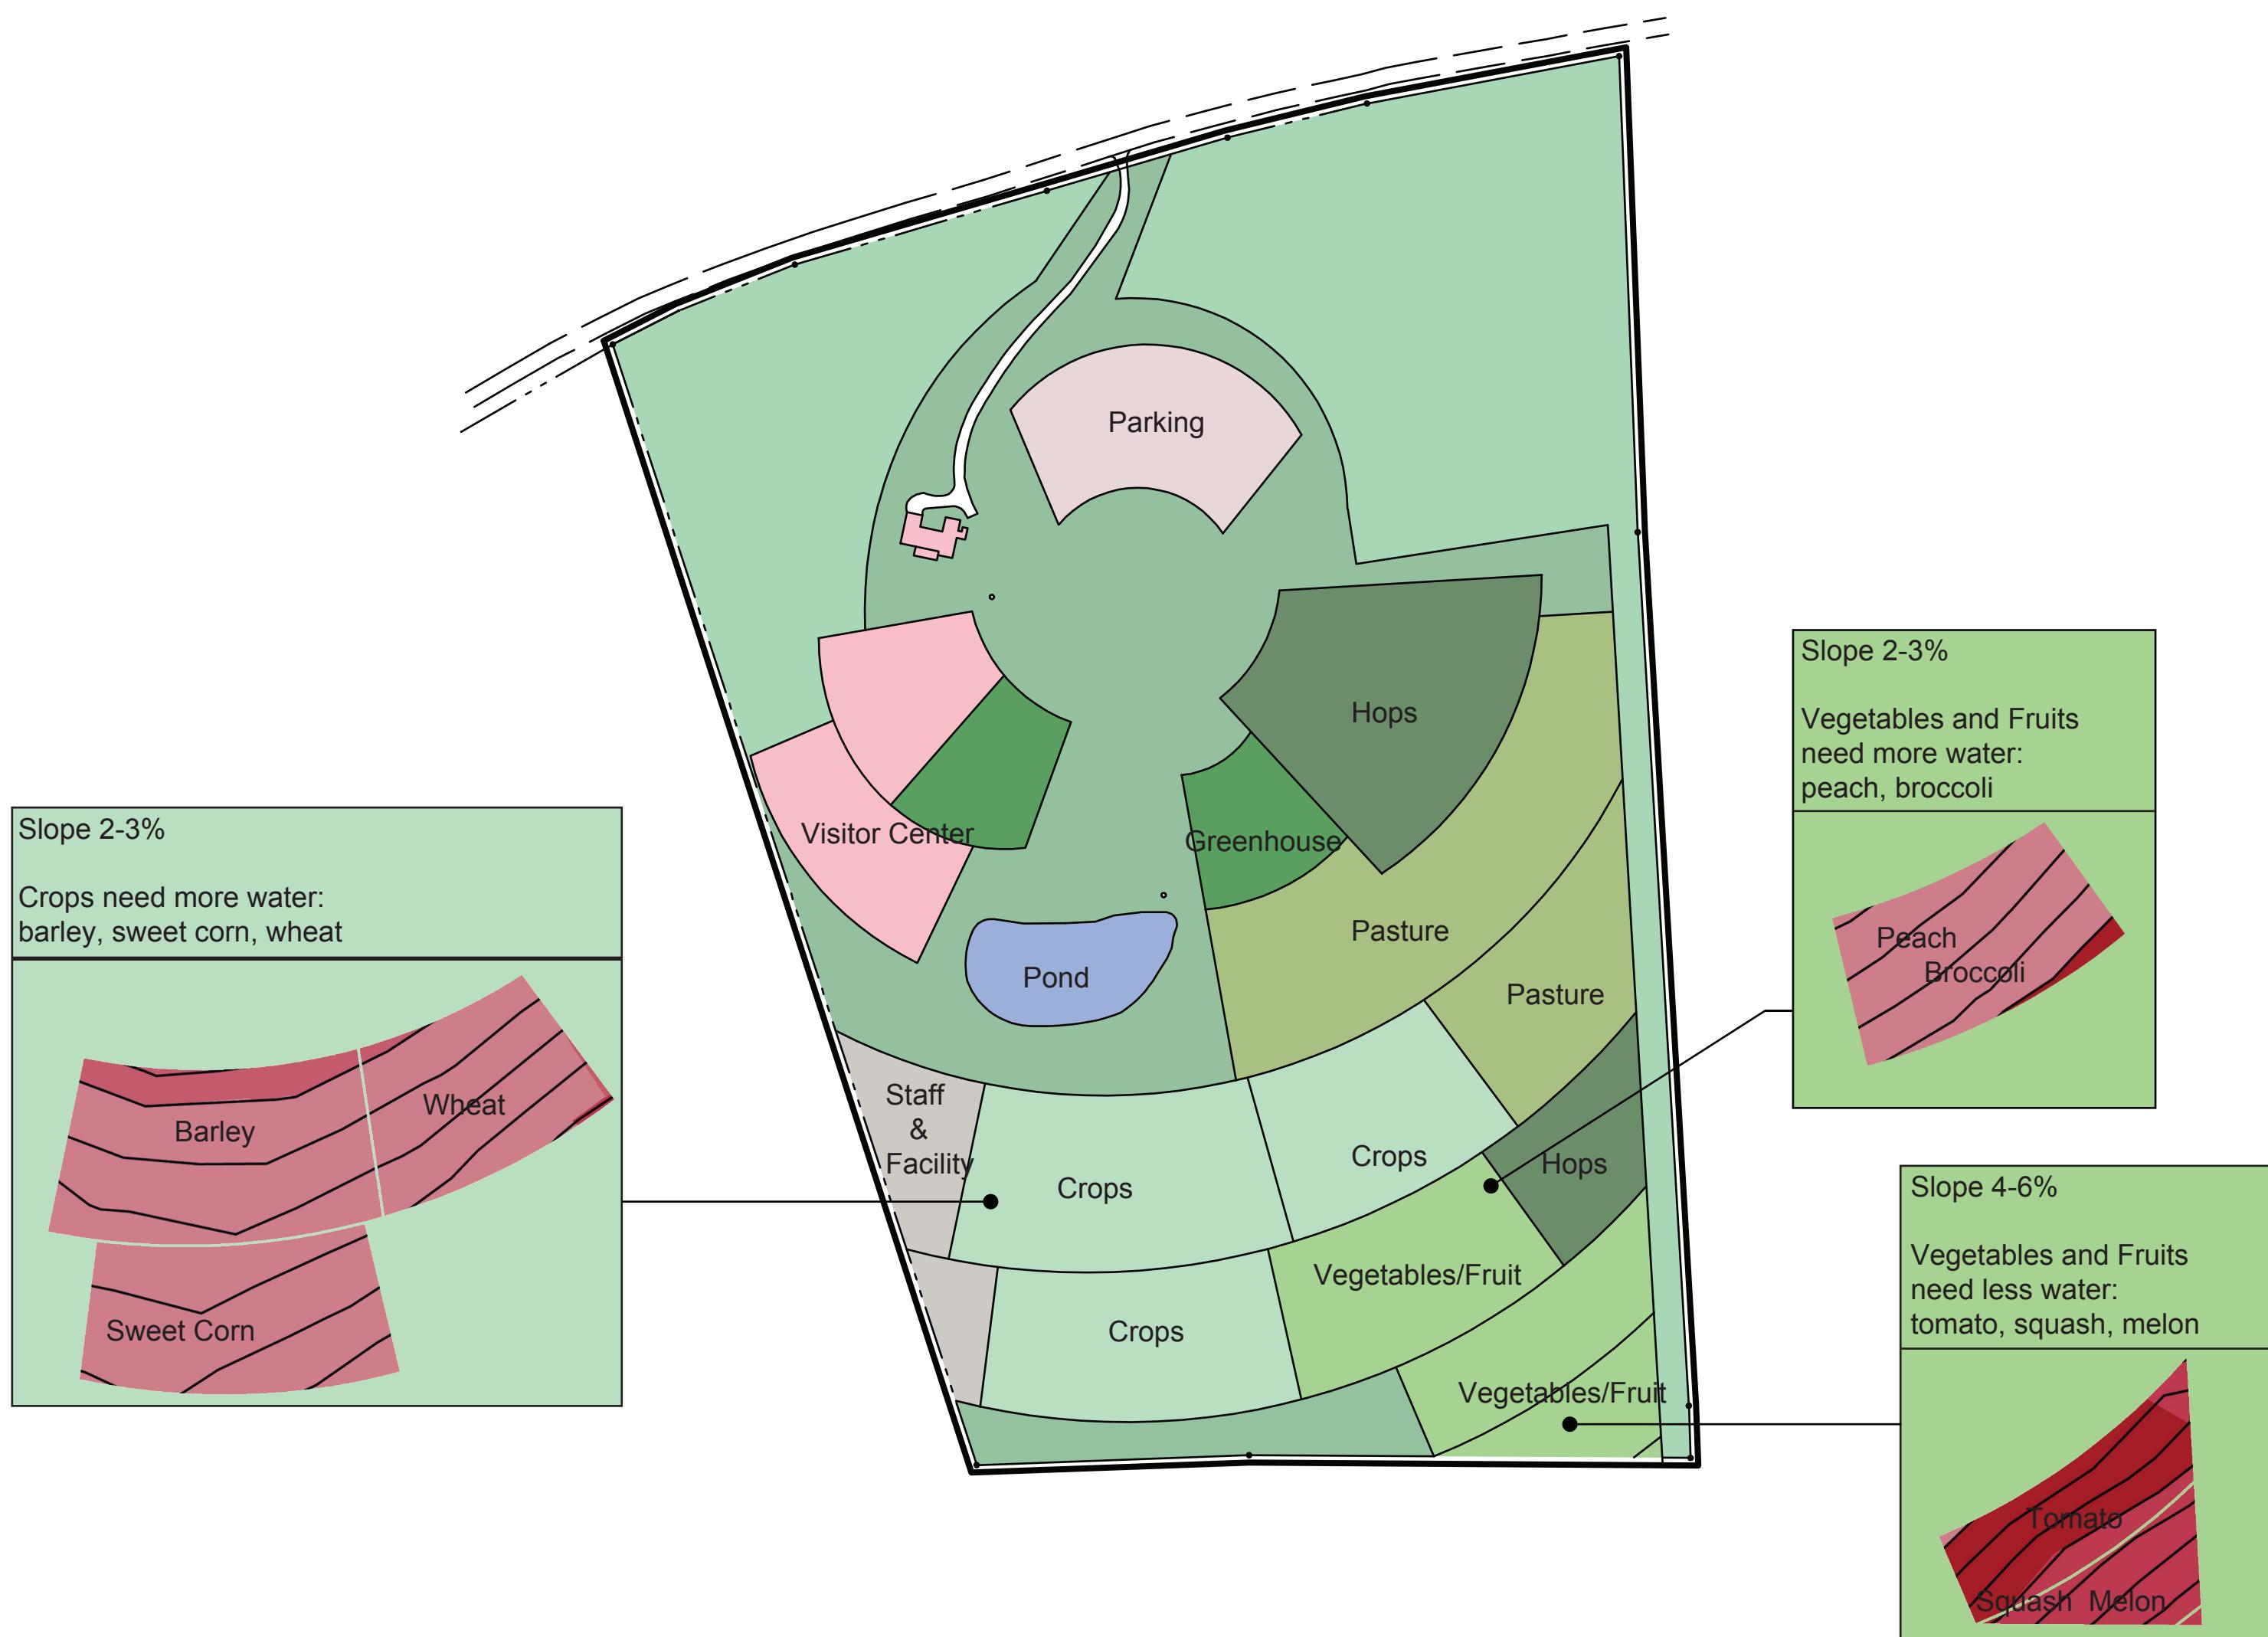

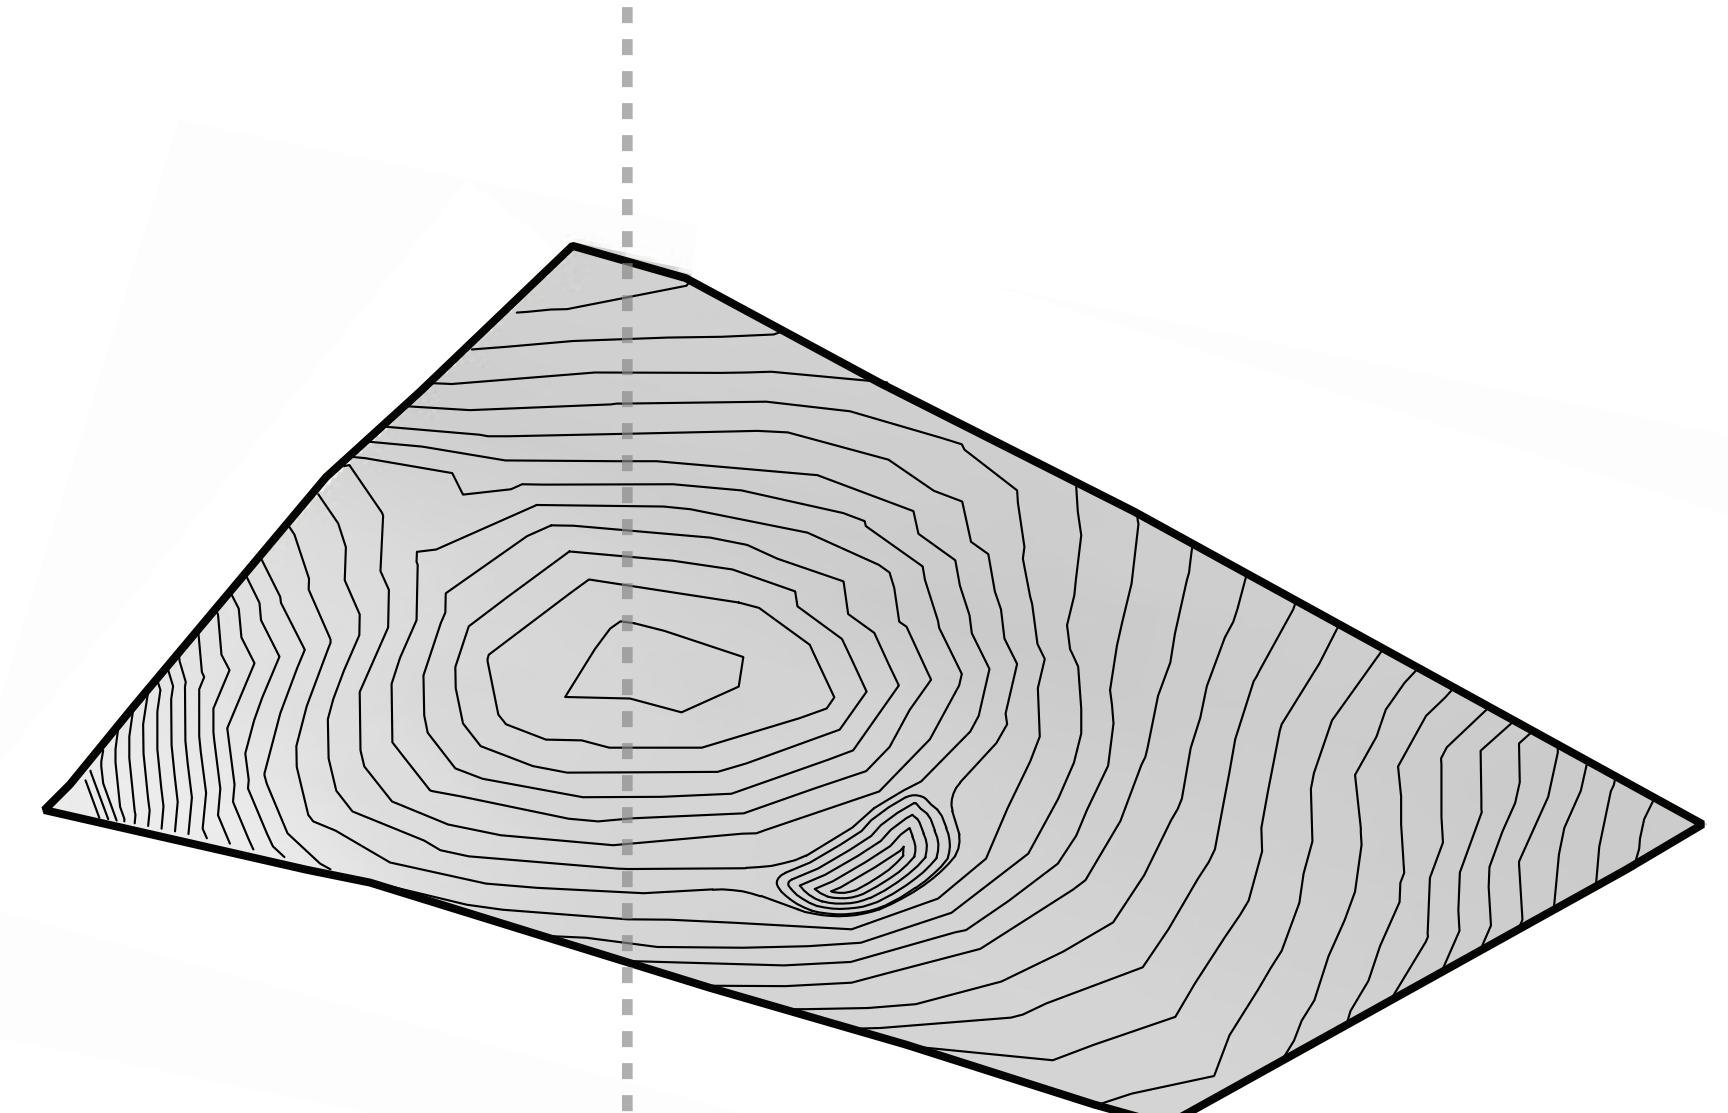

Integration of 3 forms

Distribution

Continue Topo Line Create Horizontal Grids

- Insert vertical paths to integrate with horizontal path
- create easier farming and better networking space
